All the activities for *This Week's Clay Class* are designed  
to be completed in one session. Being able to make  
pottery from scratch in one short session is very unusual  
and we think you will be delighted with what you can  
make. There are some limitations to these one-off clay  
sessions so if you want to take your adventure with  
ceramics even further have a look at the "Clay Club"  
information on our website. At Clay Club you take your  
pottery through all of the stages from a ball of clay to the  
final glaze.

If you are visiting the area and would like to come to a  
Clay Class don't hesitate to talk to us about posting your  
finished article to you. We can't be responsible for  
breakages but if you pay postage costs we will wrap your  
finished article as carefully as possible and send it to you.

This Class can also be booked for a private group  
(usually max 6 people but talk to us if you want to bring a  
bigger group). Prices start at £90 for the session which  
includes all materials for up to six crafters. Just phone to  
discuss your ideas.

After your pottery has dried, which  
takes two or three weeks, it will have a  
first firing in our kiln and then be ready  
for glazing. We can glaze it for you with  
a clear glaze, or single colour, so your  
creation will shine—but most people  
come back to the pottery to do the  
glazing themselves.

**The £25 fee for the class includes:**

- all materials
- two sessions at the pottery (making  
and glazing)
- both firings

If you can glaze during "Studio  
Time" (see website for times/dates) we  
give a £5 discount.
